2. The SAIS placement office, initially through []
[] a current student at SAIS and an OPR intern this past
summer, has asked me to arrange for two or three analysts who
are SAIS graduates to meet with students entering the job
market soon. The discussion is part of a series conducted
by the placement staff in the fall of each year to put last-
year students in contact with representatives of international
business, the foreign service, the civil service, etc. The
focus is on the day-to-day substance of the job and the pros
and cons potential job applicants should consider. Last year
non-SAIS alumni personnel officers represented the Agency.

3. It is understood that we will not discuss classified
information nor will we touch on any aspect of US policy.
We will be identified as employees of CIA.
